## Service That Reflects a Commitment to Quality Featured Project: Crow Creek School

Muth Electric was awarded the electrical bid for the Crow Creek School project in Stephan, SD. This 85,510 square foot facility was started in December 2010, and it is being completed right now.

The Crow Creek School consists of a Kindergarten through 12th grade school with 39 classrooms, wood shop and mechanic shop, two gymnasiums, a library, and computer science labs. On this campus there is also a dorm with 50 double occupancy sleeping rooms, a three stall bus garage with shop, water tower, five housing units, outdoor basketball courts, and a football stadium with track and field provisions.

The school, dorm and water tower each have generators; Muth Electric also installed high voltage loop and primary transformers to feed each structure.

The general contractor on this project is Kraus-

Anderson of Bemidji, MN. The architect is Perkins + Will of Minneapolis, MN, and the engineer is Widseth, Smith, Nolting Engineers of Baxter, MN.

**Doug**

**Walz** is the **Project Manager**, **Gary Schoenfelder** is the **Project Foreman**, and **Todd Stickler** is the **Project Estimator**. ## Service That Reflects a Commitment to Quality Featured Project: Joy Ranch

J o y Ranch is Lutheran Outdoor's newest camp and retreat center located near Watertown, SD. It is specially designed

to accommodate people with disabilities. It consists of 16 thematically designed retreat center rooms that can accommodate up to 64 people. Four cabin style rooms,

each with their own bathroom can serve up to 40 youth. Also, uniquely designed conference rooms can meet the need of small or large meetings.

Joy Ranch is available for retreats, family reunions, business meetings, weddings and congregational events.

A unique aspect of this project is that it is an 1880s prairie town design, complete with old west facades, but it contrasts with modern, high convenience facilities.

Dallas Hanson Construction of Ortonville, MN is the general contractor on this project. The architect is Paul Briggs Architect of Lexington, NC, and the engineer is PE Group Professional Engineers of Parker, SD.

**Gary Swier** serves as the **Project Manager** and **Chris Lee** is the **Project Foreman** on the project. Other employees assisting in the project are **Mike Schaefer, Nate Soupir, Lane Hammond, Doug Skoglund, Brandon Soupir, Waino Dallmann, Barry Johnson, Tyler Ronne, Phillip Buboltz, Paul Imhof, Jordan Anderson, Aaron Schultz, and Josh Broekhuizen.**

## Muth Electric Receives Safety Award

Muth Electric was recognized for our company wide safety program at the South Dakota Governor's Workplace Safety and Health Conference held in October. Muth Electric was one of ten in South Dakota to receive the Award of Honor.

Accepting the award at right are Robyn Petersen, Corporate Safety Officer; and Mike O'Neal, Safety Director.

## Muth Electric Awards Annual Scholarships To Tech Students

Muth Electric recently awarded students in the Electrical Construction and Maintenance program at Mitchell Technical Institute in Mitchell, SD and students in the Industrial Electronics program at Western Dakota Technical Institute in Rapid City, SD with scholarships.

Paul Muth, Vice President of Operations, presented the awards at MTI to second year students Jeremy Pavel and Ron Disbrow. While Dan Vetsch, Rapid City Division Manager, presented the \$500 scholarships to Kris Holland and Rick White at WDTI.

The scholarships are chosen based on the fol-
